EXTENDED SIZES

Available, usually run about \$3 extra for each garment that is **beyond** 4XL or is a **TALL** size.

INK COLORS

Only white and ash garments (very, VERY, light gray) come with 2 ink colors included. You can choose any color ink(s).

If you want 2 ink colors on any other color garment, there is an additional cost of \$25 per order. This is because the printer must lay down a clear coat first on the darker garments for the ink colors to stay true.

All ink colors must stay the same for all garments, otherwise the printer charges \$25 *per color change*.

For example, if you want white t's with black lettering, and also want black hoodies with white lettering, this will incur a \$25 ink change.

Changing ink colors requires the printer to clean the screen completely, and then let it dry, before changing out the ink colors. This is a messy, time-consuming job, and they charge for it.

Another example, if you want white t's with red fill and black outline, and you want black hoodies with white fill and red outline, this will cost an extra \$75 in ink charges:

1. \$25 for having 2 colors on a dark colored garment.
2. \$25 for changing the fill color.
3. \$25 for changing the outline color.

Most teams will leave the ink the same on all garments to avoid these extra ink charges. Your call of course.

GARMENTS

You are allowed 2 different types of garments or colors of garments. If you get some white T's, that will count as 1 of the 2 you are allowed to have. Examples:

ALLOWED

White T's + Gray hoodies
Blue short sleeve T's + Red short sleeve T's
Gray long sleeve T's + Black hoodies

NOT ALLOWED

White T's + White performance T's + hoodies
Black short sleeve T's + Black long sleeve T's + hoodies
White T's + Gray hoodies + Black hoodies
